ODACS Od Demon Association	Workshop 4: Thursday, 3:50 – 4:40
102	Help for Kids with Learning Disabilities
6, 8, 9*	Dr. Lisa Joyner; Veritas Baptist College, Fredericksburg, VA
0, 0, 3	Learning shouldn't be hard, but for 10% to 15% of students in our schools,
100	_
100	learning is painfully difficult. Explore practical strategies aimed at
	supporting children who encounter difficulties in reading, writing, and
	math. Acquire the tools and insights needed to assist parents in navigating
	the landscape of available resources effectively.
105	Spiritual Emphasis Week: Change That Lasts
8, 9, 10*	<u>Evangelist Matt Galvan; Dothan, AL</u>
	Many Christian schools plan a special week to benefit the junior high and
30	high school students spiritually. Many plans merely challenge or stir the
	teenagers, but few see change. This workshop gives help with conducting a
	"Spiritual Emphasis Week" at a Christian School that will help produce
	lasting change in the students' walk with God.
	assing shange in the state its main than eour
106	Overcoming Math Anxiety
4*	Mrs. Pam Litzenberger; BJU Press, Greenville, SC
'	As many as 25%-50% of pre-college students have math anxiety. In this
35	workshop we will discuss this fear, where it may have originated, and most
33	· · · · · · · · · · · · · · · · · · ·
	importantly how we as their math teachers can help our students
	overcome their anxiety. We will also talk about math myths and how they
	affect our students.
407	Continue to Object and Building Fredhall
107	Creating Learning Objective and Providing Feedback
8, 9*	Dr. Brian Carruthers; Bob Jones University, Greenville, SC
	Research has proven that creating student focused learning objectives and
35	then providing appropriate feedback positively impacts student
	achievement. This workshop explores ways to create these learning
	objectives and how to tie the necessary student feedback to support these
	objectives.
114	Stop the Bleed Training
8, 9*	Mr. Sandy Gaddy; Active Defender, Carthage, NC
1	Join us for an empowering and life-saving Stop the Bleed Training session,
32	designed for educators, administrators, and staff. This hands-on workshop
1	will provide participants with the skills and knowledge needed to effectively
1	control bleeding in emergency situations Led by a certified instructor, the
1	training will cover the use of tourniquets, wound packing, and direct
1	pressure techniques. Attendees will gain the confidence to act swiftly and
1	decisively to save lives in critical moments. Don't miss this opportunity to
	accessed, to save medical moments. Both times this opportunity to
	enhance your emergency preparedness and contribute to a safer school

127	Successful Concert Planning
5, 8, 9*	Mr. Chris Martin; Fairfax Baptist Temple Academy, Fairfax Station, VA
3, 3, 3	Music and Fine Arts Concerts should be a vital part of our school and music
30	calendars each year. They are wonderful opportunities to build school
30	unity, promote your school's unique opportunities, encourage fellow
	, , , , , , , , , , , , , , , , , , , ,
	believers, and share the Gospel. In this session, we will discuss ideas for
	schools of any size to help with organizing, planning, and scheduling for
100	these programs.
128	FCEA – Developing Tomorrow's Christian Educators
8, 9, 10*	Dr. John Van Delinder; Sunshine State Association of Christian Schools,
	Callahan, FL
30	The shortage of qualified Christian educators is a significant concern to
	most Christian School ministries. Where will our future teachers originate,
	and what can be done to encourage high school students to enter the field
	of Christian education? Future Christian Educators of America is an exciting
	new organization designed to create a network of educational chapters in
	Christian high schools. Within each school's chapter, students will explore
	and be encouraged to pursue a future in Christian education. Come to the
	FCEA workshop where we'll discuss methods to "grow our own teachers."
146	Growing Ourselves As We Grow Others
8, 9, 10*	Dr. Mike Edwards; Sharepoint Ministries, Stallings, NC
	The spiritual health of those we minister to is directly related to our own
35	spiritual health. Much of what we do in the ministry focuses on giving of
	ourselves to serve others. After all, we are "servants." However, the Lord
	recognized and taught His disciples the need to serve from a "supplied life."
	None of us can run on empty for very long. Just as an expectant mother
	must care for herself as she prepares to give birth to the child, we must be
	careful that our lives are receiving the spiritual and physical care that they
	need to reproduce Christ likeness in those to whom we minister. This
	session will focus on 4 essential areas in the minister's life that will allow joy
	and fruitful service for lifetime.
154	Unlocking Potential: Supporting Students with Learning and Reading
6, 8, 9*	Differences in Christian Schools
-, -, -	Mrs. Amy Wall and Mrs. Samantha Thomas; Be the Light Education, LLC,
45	Manassas, VA
.5	This presentation equips Christian educators with everyday strategies and
	resources to support students with learning and reading differences in the
	classroom and beyond. Educators will explore how to identify early signs of
	learning challenges and implement practical tools that can be used daily to
	foster student growth. Attendees will also learn how to recommend
	resources and interventions for parents to continue supporting their child's
	development outside of school. With a focus on creating an inclusive,
	Christ-centered learning environment, this session empowers educators to
	nurture each student's unique potential both academically and spiritually
200	People, Places, and Dates, Oh My!
3*	Mrs. Cindy Dickinson; BJU Press, Greenville, SC
3	People, places, and dates in history are important, but elementary social
32	studies can be so much more. We need to equip students to understand,
32	· · ·
	Biblically evaluate, engage in, and make decisions about their world. So
	how do we help our students accomplish this? How do we answer the
	question of what is our place in this world? Learn how you can help your
	students to develop their Biblical worldview, critical thinking skills, and
	social study skills, enabling them to become lifelong learners who value
	freedom, equality, and individual responsibility.

202	The Purpose of HB 222 and SB 76
1, 8, 10*	Mr. Dan Zacharias; Old Dominion Association of Church Schools, Broadway,
	<u>VA</u>
32	During the 2024 Virginia General Assembly, ODACS requested companion
	bills HB 222 and SB 76 as a means of gaining freedom from VDOE intrusion
	for our private Christian schools. Though the bills failed, important lessons
	were learned. What was the impetus for the bills? How exactly would they
	have changed Virginia law? Why did they fail, and what can we do moving
	forward?
203	Trauma in the Classroom: Integrating Students with Trauma into Your
8, 9, 10*	Teaching Environment
	Mr. Tim McPhillips; Maranatha Baptist University, Watertown, WI
32	The concept of trauma often comes with various definitions and
	perspectives. Have you encountered a student who misbehaves without a
	clear reason or one who understands the coursework but is struggling
	academically? This workshop will explore different types of trauma,
	including in utero trauma, physical or sexual trauma, and trauma related to
	fostering and adoption. We will discover behaviors that may indicate
	trauma, such as hoarding items or food, difficulty paying attention, or
	chronic fatigue. By defining trauma, identifying its triggers, and discussing
	practical strategies for managing it, this workshop aims to equip you with
	the knowledge and tools to support your students more effectively.
205	From Chaos to Connection: Building Positive Relationships in Junior High
